

A vibrant garden scene featuring a gravel path that leads into the distance. The path is flanked on both sides by tall, purple, spherical flowers on green stems. Above the path, several trees with dense, bright yellow flowers hang down, creating a canopy effect. The overall atmosphere is bright and colorful.

Audrey visited as many gardens as her family would allow

In England, Scotland, France, Germany, Austria, Poland, Portugal, Israel, & the Canary Islands

She ogled many euphorbias...

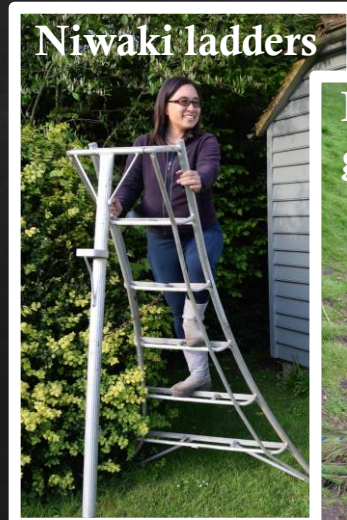

and learned about topiary & hedges,

pollarding & espalier,

and wattle!

Niwaki ladders

Her kids liked the garden critters best!
